All In. All Together. is a bold, three-year, \$100-million initiative to reach men, women, and children across the globe who are longing for God's Word in the language they think and dream in. GOAL:

80

Languages

PROVIDE GOD'S WORD IN 80 OF THE TOP 100 SPOKEN LANGUAGES, ACCELERATING 50 FIRST-LANGUAGE TRANSLATIONS.

GATEWAY TRANSLATIONS

Biblica is committed to the free release of our Bible translations for global ministry outreach. With this unrestricted access, the top 100 strategic languages serve as source texts, accelerating our reach and that of our agency partners. For example, when we release our Arabic, Farsi, and Urdu texts, translators can use them to translate the Bible into 200 dialects for unreached people groups! **With your investment, we can meet the goal of giving 100 percent of the world's population access to God's Word in the language that speaks to their hearts by 2033.**

RISING GENERATIONS

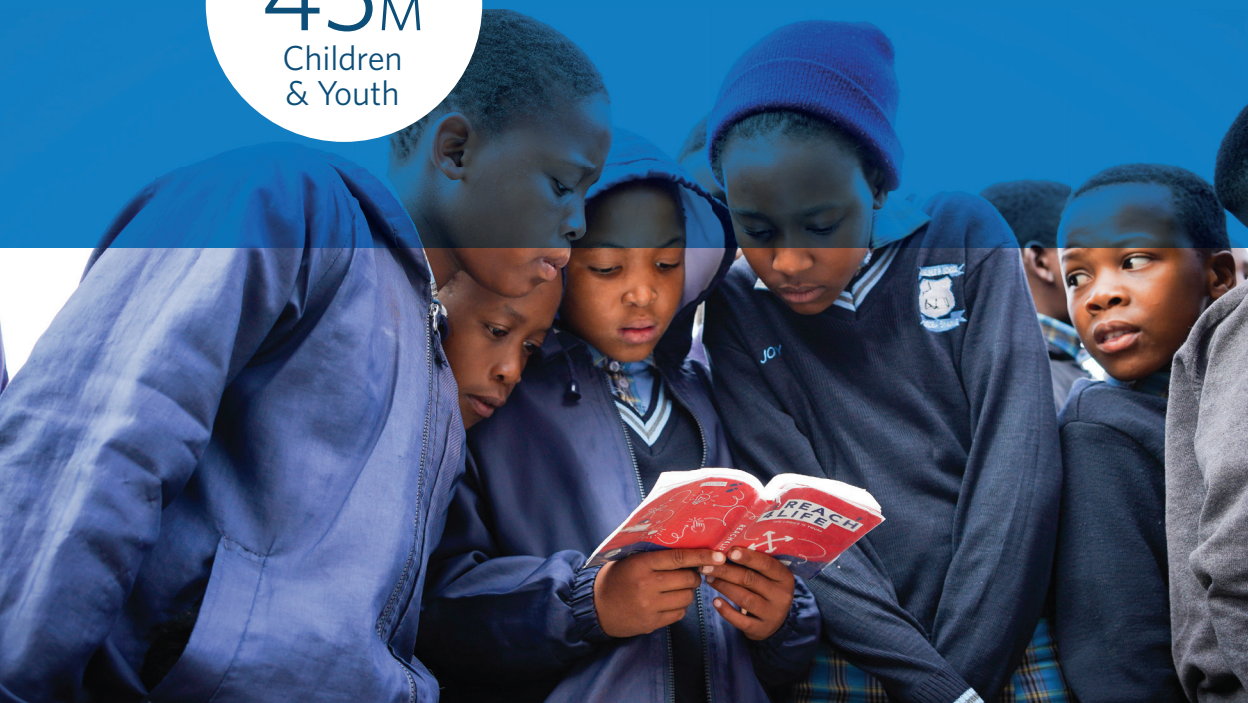

Each generation faces challenges unique to them. Add intense hardships and adversities like war, poverty, disease, and displacement, and these challenges are magnified tenfold. We know there are more than three billion youth in this world with little to no Bible knowledge. How does a young person handle such difficulties without Jesus? **Together, we can provide contemporary translations and Scripture resources that answer their tough questions and show them the saving grace of Jesus Christ.**

FRONTLINE CHURCH

The Frontline Church is made up of churches and ministries pursuing those on the edges of society, those who are often forgotten—the refugee, the prisoner, the persecuted. As churches and ministries seek to serve, we aim to partner with them to provide Bibles to new church plants, study Bibles and resources to pastors in training, discipleship materials for the new believer, and trauma materials for those who are suffering. **Together, we can partner with the Frontline Church to unleash God's Word to the unreached, the unengaged, and the unseen.**

DIGITAL ACCELERATION

Digital technology breaks down barriers to the Bible by reaching beyond shipping restrictions, closed borders, and religious persecution. It is the great accelerator in Bible access and engagement—paving the way for the greatest number of people to have free access to Scripture in the fastest way possible.

We are committed to developing digital strategies and other non-print opportunities to ensure all people have access to the Word on digital devices. And we are committed to accelerating translation efforts through digital technologies without compromising quality.
